

Nidec Techno Motor Corporation

## **Nidec Techno Motor to Exhibit its Products at the 13<sup>th</sup> International Lift Exhibition**

Nidec Techno Motor Corporation (“NTMC”) has announced today that it will exhibit its products at the 13<sup>th</sup> International Lift Exhibition to be held in Istanbul, Turkey, from April 04 – 07, 2013, together with a Nidec Group company, Kinetek Group Inc. (“Kinetek”).

This Exhibition will showcase various winches and door openers used in households, buildings, etc. as solutions appropriate for North American, European and Chinese markets.

In the joint booth with NTMC in this Exhibition, Kinetek will exhibit its elevator systems, among which NTMC will showcase its BLDC motors for automatic doors and elevators as well as Nidec Drivers to control machines as reference to actively appeal its technologies and new products.

Everyone is welcome to visit the Exhibition.

Major products to be exhibited:
