

## **FOR IMMEDIATE RELEASE**

### **Nidec Corporation**

Tokyo Stock Exchange code: 6594

Released on December 7, 2017, in Kyoto, Japan

### **The Nidec Group to Exhibit at CES 2018**

The Nidec group today announced its plans to exhibit at the upcoming CES 2018, to be held in Las Vegas, Nevada, U.S.A., from January 9 through January 12, 2018 (US time). This marks the third appearance in a row at the world's largest appliance show by the Nidec group.

Visitors to our booth in the robotics zone (Tech East Las Vegas Convention and World Trade Center, South Hall 2) will be greeted with a display of the Nidec Group's latest lineup of products for robotics, drones and haptics with showcases and live demonstrations.

#### **Exhibition contents:**

- Robotics  
Robotic arm modules and controllers for social robots, service robots and factory automation applications, traction modules for AGVs, joint modules for power assist suits, motor control technologies that enable interaction between various different motors, 3-axis force sensors, thin film devices, 6-axis force sensors
- Products for drones  
Various main motors for drones used in aerial photography, commercial and hobby applications, electronic speed controllers, camera modules, TiltAC (image stabilization camera), haptic module for drone controllers, polygon laser scanner for detecting obstacles
- Haptics  
Haptic devices for use in car seats and steering wheels, housing facilities, appliances and game devices

#### **Location and schedule:**

Venue: Las Vegas Convention and World Trade Center South Hall 2  
Address: 3150 Paradise Rd, Las Vegas, NV 89109  
The Nidec Group's booth: South Hall 2 #25835  
Exhibition period: Tuesday, January 9 - Friday, January 12, 2018 (US time)
