

## **Dispensers**

# Nidec Machineries fluid dispensing technologies

Advanced dispenser

DS-1500

- Provide new function to defy conventional wisdom of dispenser!! Realize overwhelming cost performance!! New generation dispenser debut!!
- Air pressure control function
- Simplified head difference compensation function
- Optimized air stabilization unit
- ●I/O communication function

High accuracy and various function dispenser

**S-3000** Series

- Defy conventional wisdom of dispenser **Head compensation function** 
  - Flow Matic™

included

- Simplified head difference compensation function(DS-3000)
- Optimized air stabilization unit
- ●I/O communication function
- Automatic vacuum control

General purpose dispenser

*PDM1000S* 

■ Super compact design and low cost General purpose dispenser of simple and easy operation

Table Top Robot

Series

Most suitable for automation High performance and low cost table top robot which pursued of high versatility

Circular profile application machine

Accessory parts

Realized high precision and high rotating speed dispense
