

SHIMPO'S

VL-Whisper

Beyond Perfect

The superior technology of Shimpo's RK-Whisper potter's wheel and the popular features of Shimpo's Velocity V75 potter's wheel have been combined to create the second model in Shimpo's Whisper series potter's wheels: the VL-Whisper.

Responsive, high torque at all speeds, powerful and we can now say the quietest wheel in the potter's wheel market. It's a "quiet" that must be heard to be believed!

18, 19, 21"

11"

Motor/Controller

Fully Extended

Handicap Accessible

Direct Drive Motor

5 heights to accommodate a variety of sitting or standing positions
