

Kishida on the Move

Memories in Motion

This is a publication, issued on an irregular basis, to inform you of our business bases in/outside Japan, our customers whom I met on my business trips, and what I was moved by through the encounters with them since I became Nidec's president in April 2024.

- The 51st Regular General Meeting of Shareholders -

Jun. 18, 2024

For the very first time, I attended Nidec's Regular General Meeting of Shareholders, held for the 51st time this year. **To me, it was a wonderful two-hour meeting, with our shareholders sitting very close to us, and cheering, clapping, and laughing a lot as the meeting went on.**

I presented them with Nidec's business strategy and outlook going forward.

Kuzuryu-taisha Shrine

This shrine in the city of Kyoto enshrines *Kuzuryu Benzaiten Okami*, a great goddess of mercy believed to bring happiness into people's lives, and is said to offer blessings for, among others, repelling evil and inviting happiness, warding off no-escape situations, protection against danger, good luck, business success, and curing of disease.

Nidec
-All for dreams

Omikuji (paper fortune) at Kuzuryu-taisha Shrine

After the meeting, I paid my first visit to Kuzuryu-taisha Shrine to pray with other Nidec executives. The message I drew after the prayer said, "Be grateful, and you shall be given a miracle."

Let's race through this 52nd fiscal year with a renewed passion for success!
