

■ Academic discussions

(1) “JAXA’s New Business: Innovation Hub and the Next-Generation Actuator”

Dr. Hitoshi Kuninaka × Dr. Tomoaki Yano
Director Integrator for Next-Generation Actuator
Space Exploration Innovation Hub Center, Japan Aerospace Exploration Agency (JAXA)

(2) “Current Robotics Research in the World”

Dr. Takeo Kanade × Dr. Yasuhisa Hasegawa
U.A. and Professor, Nagoya University
Helen Whitaker University Professor
of Computer Science and Robotics,
Carnegie Mellon University

■ Special lectures

(1) “Evolution of Electric Power Conversion Devices and Implementation in Society — SiC-related subject”

Dr. Hiroyuki Matsunami
Professor Emeritus, Kyoto University

(2) “A Research on Next Generation Motor to Reduce the Electric Consumption”

Dr. Kan Akatsu
Professor, Shibaura Institute of Technology
