Notice Regarding the Disclosure of the Financial Results for the Second Quarter of the Fiscal Year Ending March 31, 2027, Exceeding 45 Days After the Quarter-End

Nidec Corporation (TSE: 6594; OTC US: NJDCY) (the "Company") hereby announces that the scheduled disclosure date of the financial results for the second quarter of the fiscal year ending March 31, 2027, will exceed 45 days after the quarter-end, as detailed below.

We sincerely apologize for any inconvenience and concern caused to our shareholders, investors, and other stakeholders.

1. Reason for the Delay in the Disclosure of the Financial Results

As announced in the "Notice Regarding Filing of an Application for Approval of an Extension of the Filing Deadline of Semi-Annual Securities Report for the 54th Fiscal Year (Ending March 31, 2027)" dated November 16, 2026, the Company is currently proceeding with the restatement of prior-period financial statements for the fiscal year ended March 31, 2026, and prior fiscal periods, as well as responding to the audit by the independent auditor.

Although the independent auditor issued a disclaimer of opinion on the Annual Securities Report for the fiscal year ended March 31, 2026, which was filed on September 30, 2026, the Company believes that filing the Semi-Annual Report for the fiscal year ending March 31, 2027—after appropriately reflecting the prior-period restatements reported in Annual Securities Report into the opening balances and accounting treatments for the current fiscal year—will contribute to the timely provision of financial information and support appropriate investment decisions by its shareholders and investors. Accordingly, the Company intends to proceed with the filing of Semi-Annual Report without waiting for the submission of the amended reports for the fiscal year ended March 31, 2026, and prior fiscal periods.

To reflect the prior-period restatements identified to date in the semi-annual financial results, the Company is incorporating these adjustments into the non-consolidated financial results and sub-consolidation balances of each group company and are conducting additional work such as current-period accounting treatments and consistency checks for its consolidated financial statements. Because the finalization of restatement figures for prior periods was delayed compared to the initial schedule—primarily at certain locations in North America—these additional procedures are requiring extra time.

Given the above situation, the Company will postpone the disclosure of the financial results for the second quarter of the fiscal year ending March 31, 2027. As a result, the scheduled disclosure date of the financial results for the second quarter of the fiscal year ending March 31, 2027, will exceed 45 days after the quarter-end.

2. Future Disclosure Schedule

Regarding the disclosure of the financial results for the second quarter of the fiscal year ending March 31, 2027, the Company will promptly announce the disclosure timing once a concrete outlook becomes clear.
