**Nidec Advance Technology to Exhibit Products at
Testing Expo China - Automotive 2025**

Nidec Advance Technology Corporation (“Nidec Advance Technology” or the “Company”) has announced today that it will exhibit products at Testing Expo China - Automotive 2025 – an event to take place at Shanghai World Expo Exhibition & Convention Center from Wednesday, August 27 – Friday, August 29, 2025.

Nidec Advance Technology will be showcasing products for the first time at this event – held in Europe, the US, Asia and elsewhere annually – for companies that provide equipment and services on vehicle testing, equipment, and quality engineering.

At its booth, the Company will display a series of its long-nurtured electric vehicle (EV) inspection solutions, including EV motor test benches, motor characteristics test simulators, and automotive power module testing equipment.

In addition, Nidec Advance Technology will demonstrate how to operate its E-Transport Simulator, a simulation tool to create a digital twin during an EV’s design analysis, to offer realistic experiences for visitors.

About Testing Expo China - Automotive 2025

- Period: Wednesday, August 27 – Friday, August 29, 2025
