Kinetek offers a wide range of elevator interior and door finish options. This sample palette is provided to help you choose the finish that best suits your unique requirements. All Kinetek finishes are of the highest quality and will provide durable beauty over years of service. Please ask to see our elevator flooring and lighting options as well.

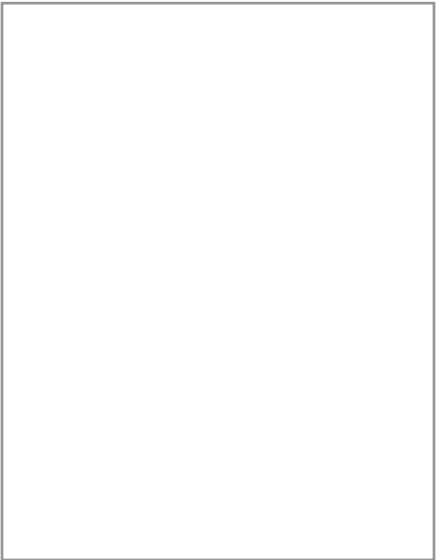

Quality finishes are just the beginning of the Kinetek story. As a complete solutions provider, Kinetek provides everything you'll need for your elevator installation or modernization project. Our flexible elevator designs will fit into a wide range of hoistways, and we offer the industry's widest range of controllers and machines. Our large selection of door and lighting options will complement the beautiful elevator finishes you'll find in this catalog.

Kinetek's machine room and machine room-less applications provide customers with the most innovative, highest performing and most cost effective products in the industry. Our proven engineering strength, global sourcing, field-tested quality, and willingness to tackle challenging requirement set us apart from the competition.

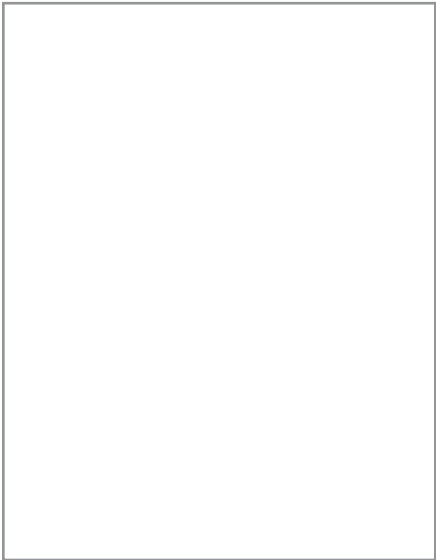

Kinetek's Elevator & Escalator Solutions Group is part of Kinetek, a privately-held global manufacturing company with 28 facilities in North America, Europe and Asia. Kinetek companies hold market leading positions in elevator/escalator, commercial floor care, material handling/aerial lift, golf/utility vehicle, medical, renewable energy and commercial food equipment markets.
